

Michelle DaRin

Welcome To My World

I dream BIG, take chances, cry hard, laugh loud and make mistakes. I love color, and I work best when surrounded by the healing energy of nature. I am constantly creating in my mind. All the work you see on these pages are those ideas manifested. Thank you to Laura Brazak Photography, Chris Szulwach of The Story Photography and Tamarallee Shutt for the beautiful photographs and for making my work come to life.

Most importantly thank you to my business partner and soulmate, my husband, James DaRin for dealing with the crazy that comes with all the creativity. There is no dark without light, yin without yang, and masculine without feminine. They all make up the whole.

Thank you to my beautiful daughter Julia for being my greatest teacher, my son Ian for designing my logo and my son Joseph for being a love bug. It truly is a family business and Michelle DaRin Jewelry takes a village.

#weareallconnected

*Peace,
Michelle DaRin*

This is where the magic happens. All the work you see on these pages starts in my mind and is then manifested in the small dimensions of my creative space, this 1964 Airstream Trailer.
